WE ARE INNOVATORS.
WE ARE PATRIOTS.
WE ARE GUARDIANS.
DEFEND LIFE FROM THREAT
WITH REVOLUTIONARY BALLISTIC PROTECTION

MISSION

We work in the name of our heroes, leaders and citizens — that by our efforts, innovative technologies may be applied to ensure security for the U.S. and across the nations.

The skill, strength, honor and iron will of those we serve inspire us to defend life from threat so that individuals may live to their fullest potential.

With leading-edge protective solutions, we seek to lighten the load of those who bear great responsibility, uphold the heroes who defend our way of life and support every person’s right to pursue their mission, passion and freedom.

Angel Armor elevates protection to a higher level, dedicating advanced research, design and testing to the development of pioneering ballistic solutions. And with these solutions, we provide uncompromising and unparalleled protection worthy of those we serve.
WE STAND BEHIND OUR PRODUCTS SO YOU CAN, TOO.

Everything we do is elevated to a higher level. Our innovative and proprietary product research and development puts uncompromising and unparalleled ballistic protection in the hands of every hero. Our manufacturing processes, environmental testing standards and extensive statistical analysis enable us to create revolutionary armored solutions for those who defend our way of life. Your satisfaction and protection drives us — our products are backed by an industry-leading guarantee, and our dedicated and committed customer service team is eager to deliver. Patriots in our own right, we are proud to design and manufacture in the USA.

The Angel Armor Advantage

1) Innovative and proprietary design approach for advanced armor solutions
2) Extensive internal and third party testing
3) Armor solutions exceed industry standards
4) Rigorous statistical analysis ensures exceptional product performance
5) Comprehensive environmental testing for confidence in any situation
6) Industry-leading customer service, product education and training
7) Made in the USA
Today I wake to face the challenge
To put on the uniform
And step into the unknown
I will not fail
I will not compromise
I will not be afraid
With each new day
And every new mission
I will
A New Era in Personal Protection

Introducing RISE — a concealable armor system engineered for ultimate safety, comfort and versatility.

Designed from the ground up, RISE defines a new standard for concealable armor.

We bring you the smartest system ever designed.

Comfortable
- QuadCore Attachment System™ ensures a repeatable fit and quiet adjustment for long-lasting security and comfort
- Ballistic suspension system designed for optimal weight distribution
- Six points of adjustment ensure a balanced and secure fit
- Breathable, antimicrobial mesh liner for odor and moisture management

Versatile
- Ballistic packages available in NIJ Level III and IIIA/II/IIA threat levels
- Low profile, laser-cut panels for PALS/Molle-compatible attachments
- Concealed internal front and rear plate pockets accommodate multiple plate sizes and allow for vertical adjustment
- Custom-shaped armor system for male and female officers ensures a tailored fit

Durable
- Outershell constructed of high performance materials — including CORDURA® nylon and polyester which provide resistance to abrasion, tearing and stretching — for years of service and satisfaction
- QuadCore Attachment System and PALS/Molle attachment panels made of exceptionally durable, tear-resistant material
- Critical adjustment and access points reinforced for extended lifespan
Angel Armor elevates protection to a higher level, dedicating advanced research, design and testing to the development of pioneering ballistic solutions. We are eager to test against specific special threats that meet your needs.

Independently tested in accordance with NIJ standards. Full test details and reports available upon request.

TRUTH SERIES™
THE MOST ADVANCED TRAUMA PLATES EVER DESIGNED
Elevate your protection with the Truth SNAP plate system. The concealable, two-piece design protects against NIJ Level IIIA threats and beyond, including common rounds from the AK-47 and M4-style rifles. The unique magnetic SNAP system ensures a strong union and proper alignment for tiered threat protection — making it easier to armor up.

- Revolutionary trauma plates provide advanced handgun, rifle and special threat protection
- Multi-round capable plates exceed NIJ standards
- Unique, magnetic SNAP system provides tiered threat protection — armor up or down
- Rifle threat protection integrated in an ultra lightweight package for extended, all-day use
- Custom developed, multi-curve design*
- Rugged, durable and ready for any environment
- Refined aesthetic finish
- Variety of sizes and cuts available

*Not applicable for 5x8 inch plates.
Angel Armor elevates protection to a higher level, dedicating advanced research, design and testing to the development of pioneering ballistic solutions.

We are eager to test against specific special threats that meet your needs.

*Independently tested in accordance with NIJ standards. Full test details and reports available upon request.
TRUTH 5.56

When paired together, the Truth SNAP plate system offers enhanced protection against 5.56x45mm and other special threats.
